

REMARKS

Applicant gratefully acknowledges the allowance of all the claims.

In the Final Office Action, the Examiner objected to the specification for lacking headings. Applicants respectfully decline to add the headings as they are not required (rather are merely suggested) in accordance with MPEP §608.01(a). It is respectfully submitted that "should" (as recited in MPEP §608.01(a) and referred to on page 5, item 7a of the Final Office Action) is suggestive or permissive, and not mandatory as in "must" or "shall". For example, 37 CFR 1.77(b) recites:  
The specification should include the following sections in order:  
(Emphasis added)

Similarly, 37 CFR 1.77(c) recites:

The text of the specification sections defined in paragraphs (b)(1) through (b)(12) of this section, if applicable, should be preceded by a section heading in uppercase and without underlining or bold type. (Emphasis added)

By contrast, 37 CFR 1.77(b)(5) recites:

(5) Reference to a "Sequence Listing," a table, or a computer program listing appendix submitted on a compact disc and an

incorporation-by-reference of the material on the compact disc (see § 1.52(e)(5)). The total number of compact discs including duplicates and the files on each compact disc shall be specified.  
(Emphasis added)

Thus, it is respectfully submitted that a distinction is made between "should" and "shall", where "should" is permissive, and "shall" is mandatory.

Further, it should be noted that section headings are not statutorily required for filing a non-provisional patent application under 35 USC 111(a), but per 37 CFR 1.51(d) are only guidelines that are suggested for applicants' use. (See Miscellaneous Changes in Patent Practice, Response to comments 17 and 18 (Official Gazette, August 13, 1996) [Docket No: 950620162-6014-02] RIN 0651-AA75 ("Section 1.77 is permissive rather than mandatory. ... [T]he Office will not require any application to comply with the format set forth in 1.77").

Accordingly, it is respectfully submitted that headings are not required in accordance with MPEP §608.01(a) and withdrawal of the objection to the specification is respectfully requested.

In view of the foregoing remarks, Applicant respectfully requests favorable reconsideration and early passage to issue of the present application.

Respectfully submitted,
